PAYMENT AND BILLING INFORMATION:

By completing and signing this document;

- I agree to contribute annually to help support a student receiving a scholarship from Ahead With Education. This is not a pledge but signifies my desire to financially support a student to their highest level of education.
- I have read the AWE Sponsor Information and FAQs document and I understand that; (a) AWE is a 501(c)(3) public charity subject to the requirements of the Internal Revenue Service code; (b) AWE is an all-volunteer organization and whatever I can do to reduce the workload of the volunteers also contributes to the mission and future of the organization (examples include remitting my annual contribution on time, reading and responding to electronic or hard-copy communications when they arrive so that volunteers don't have to make multiple attempts to contact me; and (c) cooperating with the volunteers in student/sponsor matching recommendations.

- I understand the annual donation increases as the student advances to higher levels of education. AWE will work with me on finding the best placement of my scholarship donation during the ANNUAL student/sponsor matching process. AWE attempts to have student/sponsor matching completed by August 1st each year.
- **Contribution Deadline is JULY 1ST**

PLEASE NOTE:

- All contributions to AWE are tax-deductible in the United States. We verify no goods or services of value were given in exchange for your contribution.
- Students go through a selection process in the spring of each year. Not all nominated students are selected.
- I understand communication with students and their family is encouraged. Social media contact is acceptable. Student requests for money or gifts directly to a sponsor are not allowed and not encouraged. All gifts and donations should go through AWE and not directly to a student.
- If possible, please provide a photo with this application that AWE can share with the family of the sponsored student.
